Life Sciences Programs Planning Committee
2015-16

Penelope Lockwood, Co-Chair
Allan Kaplan, Co-Chair

The Committee reviews all new entries and revisions for our courses and programs to be included in the Arts and Science Calendar. The purpose is to harmonize Life Sciences courses and programs across the University (St. George Campus), to collectively identify possible conflicts and resolve these prior to the Science Curriculum Committee meetings.

Penelope Lockwood (Co-Chair), Acting Associate Dean, Undergraduate, Faculty of Arts & Science
Allan Kaplan (Co-Chair), Vice Dean, Graduate and Life Sciences Education, Faculty of Medicine
