SSHRC Suite of Partnership Grants Workshop

Partnership Engage Grant (PEG)
Partnership Development Grant (PDG)
Partnership Grant, Stage One & Two (PG)
Overview of the Workshop

1. 9:30 to 10:10 – Suzanne Jaeger: Introductions and Partnership Engage Grant
2. 10:15 to 10:45 – David Nieborg, UTSC Dept. of Arts, Media and Culture and successful PEG recipient
3. 10:50 – 10:55 – Katie Boomgaardt, Academic Initiatives Lead Coordinator, UofT Centre for Community Partnerships
4. 11:00 to 12:00 – Steven Hermans: Partnership Development and full Partnership Grants
Main objective for this workshop

To provide a comparison of the main features of the three SSHRC partnership grant programs to help you consider how best to fund your project ideas and current and potential collaborations with other researchers and organizations.

We won’t be able to cover every important facet or detail about each program, but we will cover information that will help you decide which program is the best fit for your collaborations. We will also cover the timing of the application development, preparation and submission.
Available Support

• Divisional Research Administration Offices:
  • OVPR at UTSC (Sharon George, Research Administration Officer);
  • OVPR at UTM (Carla De Marco, Research Communications & Grants Manager);
  • Dean’s Office Faculty of Arts & Science (Suzanne Jaeger, PhD: Funded Research Officer).

• Steven Hermans, Partnership Development Officer, Uof T Research Services Office, (RSO)

• Sarah Scott, Research Funding Manager, RSO
Partnership Engage Grant (PEG)

• Provide short-term and timely support for partnered research activities that will inform decision-making at a single partner organization from the public, private or not-for-profit sector.

• The small-scale, stakeholder-driven partnerships supported through the PEG program are meant to respond to immediate needs and time constraints facing organizations in non-academic sectors.

• In addressing an organization-specific need, challenge and/or opportunity, these partnerships let non-academic organizations and postsecondary researchers access each other’s unique knowledge, expertise and capabilities on topics of mutual interest.
Partnership Engage Grants (PEG)

• Partnership Engage Grants are expected to respond to the objectives of the Insight program and the Connection program. PEG projects cannot respond exclusively, however, to the objectives of the Connection program.

• SSHRC welcomes applications involving Indigenous research, as well as those involving research-creation.
Partnership Engage Grant (PEG)

• Applications may be submitted by an individual researcher or a team of researchers (consisting of one applicant (PI) and one or more co-applicants and/or collaborators).

• The PI must be affiliated with an eligible Canadian postsecondary institution at the time of application. Researchers who maintain an affiliation with a Canadian postsecondary institution, but whose primary affiliation is with a non-Canadian postsecondary institution, are not eligible for applicant status.
Partnership Engage Grants

“Partner” means:

• An organization (not an individual) that participates actively and contributes in a meaningful way to the success of the endeavour.

• Unlike the PDG and PG programs, for the PEG, the partner must be a non-academic organization. Postsecondary institutions, as well as any organization or associations affiliated with or servicing them, are not eligible as partner organizations.

• The partner is expected to provide cash and/or in-kind contribution.
Partnership Engage Grants (PEG)

• Duration: 1 year grants (plus one year automatic extension)
• Four competitions each year: Sept. 15; Dec. 15; March 15; June 15
• Value: $7,000 to $25,000
• Multi-disciplinary adjudication committees (no external reviews)
• Cash and/or in kind contributions expected from partner organization (no minimum amount is required)
Partnership Engage Grants (PEG)

Similar to all three SSHRC Partnership Grant programs:

• Salary research allowance for Canadian non-profit organization participant(s) is an eligible budget expense up to 50% per year to backfill a position

• Successful PEG awards are pre-approved for Mitacs Accelerate internships (up to $15k each, $7,500 must come from partner organization)
Partnership Engage Grants (PEG)
