HIGHLIGHTS:
One undergraduate major modification proposed:

Combined Program: OISE Master of Teaching and Faculty of Arts and Science Minor in Education and Society (Victoria College)

The proposed combined program will allow students to complete an Honours Bachelor of Science (H.B.Sc.) or Honours Bachelor of Arts (H.B.A.) within the Faculty of Arts and Science and the Master of Teaching (MT) at OISE. Students will enroll in the program after completing their third year of undergraduate studies. As part of the requirements for the program, students will be required to combine the minor in education at Victoria College and an additional minor in a second teaching subject with one of the five following designated majors in English, History, Mathematics, Psychology, or Sociology.

This program will provide students, previously enrolled in the CTEP programs, the opportunity to gain early (conditional) graduate admission and a clear academic pathway to the Master of Teaching program.

NOTICE OF MOTIONS:
THAT the proposed combined program Master of Teaching (OISE) and Minor in Education (Faculty of Arts and Science, Victoria College), as described in the attached proposal, be approved effective for the academic year 2016 - 2017.
