This document indicates how transfer credit is awarded for GCE Advanced Level examinations. Please note that the following rules and regulations only apply to students admitted to a degree program and who are registered in the Faculty of Arts and Science – St. George campus during the 2020/21 academic year.

<td>In order to receive credit, final results must be sent directly from the appropriate exam board to Enrolment Services by no later than August 14, 2020. We do not need your actual Certificate(s) that is normally issued in October / November. Results issued by your school are not acceptable. Links to various exam boards: CIE, EdExcel, AQA, OCR, SQA. Results received after this deadline may not be considered for transfer credit eligibility.</td>

**TERMS DEFINED**

**Breadth Requirements:** Courses in the Faculty of Arts and Science are classified into five Breadth categories by subject content (note that some courses are not designated and do not count toward this requirement).

1. Creative and Cultural Representations (CCR)
2. Thought, Belief, and Behaviour (TBB)
3. Society and Its Institutions (SII)
4. Living Things and Their Environment (LTE)
5. The Physical and Mathematical Universes (PMU)

The majority of GCE transfer credits are assigned a Breadth category. Refer to the Faculty of Arts and Science Calendar for more information.

**Unspecified transfer credit:** A course that has no exact equivalency in the Faculty. For example, CHM1**Y represents an unspecified first year credit in Chemistry. GCE transfer credits are unspecified and may be used to meet prerequisite and/or program requirements as per the transfer credit chart.

Subjects not listed below may still be considered for transfer credit. The Faculty of Arts and Science reserves the right to change transfer credit policies without notice.
